EDUCATION

Pragati Engineering Colleeg

B.Tech - Electronics and Communication Engineering, CGPA:8.67

2023 – 2027

Andhra Pradesh

Narayana Junior College

Intermediate (MPC), 94.9%

2021 – 2023

Andhra Pradesh

TECHNICAL SKILLS

- **Languages:** Python, C
- **VLSI-Hardware:** Verilog HDL, VLSI
- **Web Technologies:** HTML, CSS, JavaScript
- **Tools:** GitHub, Git
- **Database:** SQL
- **Relevant Coursework:** OS, DBMS, CN
- **Productivity:** Microsoft Excel, Word, PowerPoint
- **Soft Skills:** Communication, Time Management, Problem-Solving, Analytical Thinking, Team Collaboration

EXPERIENCE

Automatic Car Parking Toll Gate

- Developed an automatic car parking system using Arduino and ultrasonic sensors.
- Detected vehicle presence and monitored parking slot availability.
- Improved parking management and reduced manual effort.

PROJECTS

Expense Tracker

- Enabled users to add, edit, and delete daily expenses with automatic total calculation and category highlights

Sea Quake Alarm System

- Developed an automated alert system to detect seaquake activity and provide early warnings.

Student Management System

- Developed a database project to store and manage student information using SQL

CERTIFICATIONS

- Quantum Fundamentals
- Analog And Digital IC design Using Cadence tools - JNTUK
- Green Internship Program - 1M1B
- NPTEL - Hands on circuits and PCB Design with CAD Software
- Computer Science 101 - edx

EXTRACURRICULAR

- **NSS Volunteer** - Actively Participated in Community Service and Social Awareness Program
